CERTIFIED GARMENT EXPORT HOUSE

About Us

Rishabdeo creations is a multifaceted textile & garment manufacturing solution provider. Our facility manufactures a wide range of ladies/kids woven beachwear, handmade crochet & macrame garments & bags and more. It processes in magnum a wide range of dyed as well as printed cottons, viscose and polyester fabrics. Over the years RCPL has widened their manufacturing range across each product category to definitely match the ever evolving fashion industry and designing requirements.

Our products are skillfully designed and manufactured by in house skilled creators. The hand embroideries as well as crochet is done inhouse to maintain top quality as per industry quality standards. We therefore work with leading international brands to develop collections each year as per emerging trends.

Our directors strongly believe in involving themselves with clients personally in early stage of product development till shipments of goods, quantity check , till shipping stage thereby strengthening client satisfaction. Rishabdeo creation is working with all their clients since inception, which speaks volumes about their quality and workmanship. We have strong global Clintele and our expansion strategy involves continuous evolution and innovation in garment manufacturing. Over the years we have emerged as a trusted and value added export house and has built a unique position for themselves .

Why choose us!

Rishabdeo creations is an AQF [Asia Quality Focus] compliant factory and certified under MSME certification. We are members of Apparel cluster as well as AEPC [Apparel Export Promotion Council].

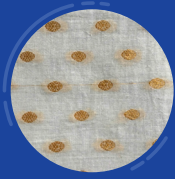

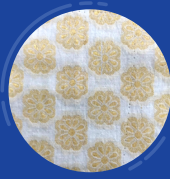

Our experienced directors with their skilled designers source and procure the greige fabric/ embroidery yarn from premium suppliers with quality being our utmost priority with client satisfaction. We also assure ZERO shrinkage on all garments before despatch, through our special process. Our hygienic and well established storage room has a variety of raw materials including fabrics, yarns, beads, sequins, glass stones including cords and tapes. Fabric checking, cutting, stitching, final finishing, packing, dispatch is done by our skilled team consisting of managers who have experience with us since decades and the company directors personally are very vigilant in the whole process.

Our garment is inspected from early stage of our production .From colour checking or dying of fabrics is diligently checked and vigorously viewed by our technical team. Once the product is finished and has been finally passed by our inspection the process of packing commences. Our packaging material is of finest quality and conforms to international safety standard. We have the privilege of working with polytechnic skilled embroidery girls who are proficient in all types of hand embroidery, crochet and macrame work. We have more than 250 girls doing this and around 50 stitching machines making us a trusted and value added export house who also has built a unique position for themselves.
